# Introducing Symphony

Symphony candles are more than just home decor. Combining the concept of **Rhythm - Sensing mode** and modern LED candles, Symphony captures the melodic movement of music and projects the rhythm as a dancing flame. With its lively flame, Symphony delivers a warm and tranquility aura in any style of room.

## Patents

Symphony candles are designed in Hong Kong and patent protected.

## Remote Control

Your Symphony candle can be used with remote control.

- Please remove the activation strip on the remote and slide the power switch on the candle to **'ON'** before use.
- The remote operates within 30 ft. range.
- **Rhythm - Sensing mode** can be activated by remote only.

Inclusive remote control

- Power ON
- Power OFF
- Moderate Flame
- Full Flame
- Timer: 4 hours ON
- Rhythm - Sensing mode
- Natural flickering mode

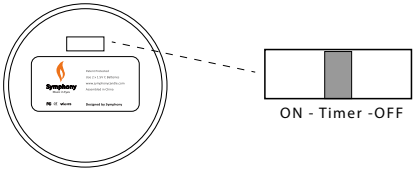

## Remote Operation

- 1. Power ON:** Press the **'Power ON'** button to turn the candle on.
- 2. Power Off:** Press the **'Power Off'** button to turn the candle off.
- 3. Moderate Flame:** Press the **'Moderate Flame'** button, you will see a random mild flickering flame.
- 4. Full Flame:** Press the **'Full Flame'**, you will see a relatively vigorous flickering flame.
- 5. Timer:** Press the **'ON'** button on your Symphony candle, and then press the **'Timer'** button. You will see 4 consecutive flicks of the flame. From then on, the candle will turn on for 4 hours daily, and stay on before automatically turn off. To turn off the **Timer**, you may turn **'Off'** the candle and turn it **'ON'** again.
- 6. Rhythm - Sensing mode:** Press the button of **'Rhythm - Sensing mode'** on the remote. You will see a lifelike flickering flame synchronized with the music or sounds.
- 7. Natural flickering mode:** Press the button of **'Natural flickering mode'** on the remote.

# To Start Symphony

## BATTERY INSTALLATION

Symphony candle operates with 2x1.5V C batteries (not included). To insert batteries, remove the battery cover from the bottom of the candle and insert the batteries, ensuring correct polarity. Then restore the battery cover.

## POWER SWITCH

- To turn on the candle, slide the power switch to the **'ON'** position.
- To turn off the candle, slide the power switch to the **'OFF'** position.
- To set the timer, slide the power switch to the **'TIMER'** position to activate the timer and turn the candle on.
- To reset the timer, turn the power switch from the **'TIMER'** position to **'OFF'** position, and then to the **'TIMER'** at the new desired start time.

## Safety Warnings

- General use:
  - **Do not submerge the candle in the water.**
  - **Do not leave the candle in water deeper than 2mm.**
- **Keep out of flammable objects, extreme temperature, or sunlight. Any resulting damage to the candle or its components would void the warranty.**
- Your Symphony candle is breakable. Do not drop or damage its internal components, which results in the voiding of the warranty.
- Keep away from children and pets. This product contains small parts, which may pose choking hazard if detached. If swallowed accidentally, please consult the doctor or vet immediately.
- Place your Symphony candle on the protective base, on a candle stand, or in a lantern to prevent your furniture from debris.
- Symphony will not hold liability for damages or personal injuries resulted from misuse of the candle.
- Any change or modification to the Product without approval from SYMPHONY is prohibited.

## Battery Cautions:

- **Always use the same type of batteries when inserted. Replacing all batteries of a set at the same time.**
- **Do not mix the following batteries: Alkaline, NiCad, NiMid, etc.**
- Battery should be recycled or disposed safely.
- Do not dispose any battery in fire.
- **The batteries should be inserted in the proper polarity and compartment. Failure to insert the batteries correctly may result in damage to your candle or personal injury and will void the warranty.**
- **Remove the battery from the candle if exhausted or if the candle is left unused for a long period of time.**

Note: The color intensity and shade of the candle may vary from another due to environmental factors. The scent (if included) may fade away over time.
